

BLACKBERRY PRODUCT INSTALLATION

INTRODUCTION

The installation to your BlackBerry device is a two step process.

1. Install the BlackBerry Reader.
2. Install the Skyscape Software.

The steps outlined below will walk you through both steps.

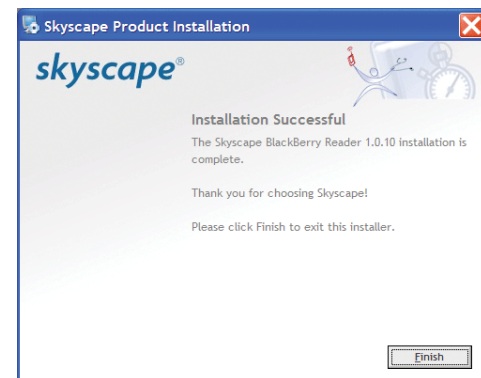

STEP 1 - Install the BlackBerry Reader

1. Make sure that the BlackBerry device is connected via USB and that your BlackBerry Desktop Manager is installed.
2. Download the BlackBerry Reader file.
<http://www.skyscape.com/secure/BlackberryDownloadRedirect.aspx>
3. Run the downloaded file to begin the reader setup.
4. Click **Next** and follow the prompts (accepting the default settings) to complete the Reader setup.
5. When you click **Finish**, the BlackBerry Application Loader will take over. Click **Next** to begin the installation process to your device.

Step 2

Step 3

Step 4

Install the BlackBerry Reader (cont.)

- When you reach the point where you are asked to select the program to install, check **Skyscape**. If you do not see anything listed, you may be running an OS lower than 4.1 which is not supported.
- Click **Next**. In the Completing the Applications Loader Wizard, you should see the following files listed for installation:

- ✓ Skyscape
- ✓ ArtData
- ✓ PersistConnection
- ✓ FileConnection

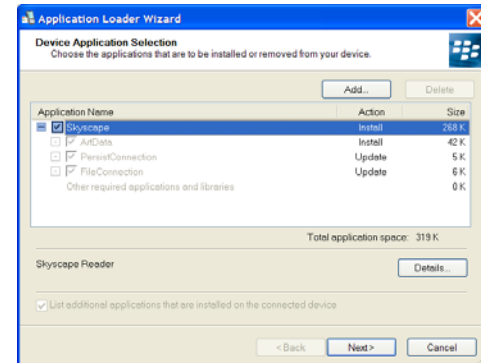

NOTE The above is true if the OS is 4.2 or above, but for 4.1 you will only see:

- ✓ Skyscape
- ✓ ArtData
- ✓ PersistConnection

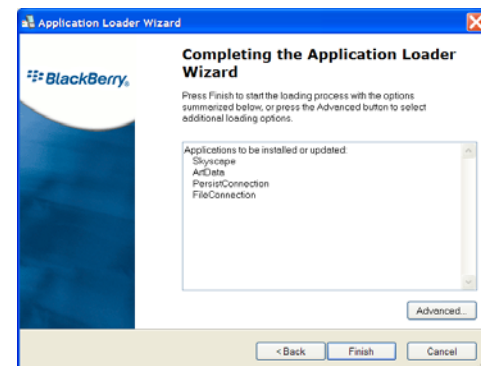

The FileConnection library is only available on 4.2 and higher, not on 4.1.

- The Application loader will complete the installation of the Skyscape Reader to your device.

Step 5

Step 6

Step 7

STEP 2 - Install your Skyscape Programs

The remaining steps will be initiated from your BlackBerry device however you must **STAY CONNECTED** to your Desktop PC via USB.

1. On your device, click on the **Skyscape** icon.
2. On the next screen, click **Install New Title**.
3. Enter your Skyscape email address, password, and serial number and then click Next.

Step 3

Step 1

Step 2

Install your Skyscape Programs (cont.)

4. You will see a list of programs for the serial number that you entered. Select what you would like to install and then click on **Register and Download**.
5. You will see the programs download.
6. When the product download is complete, you will be brought back to the main Skyscape page. This time you will see your titles listed. Click on any title to begin using. ENJOY!
